

SoCal Slipstream

SEPTEMBER 6 - 8TH, 2019

CALIFORNIA, US

PACKING LIST

Slipstreams take place in outdoor playgrounds across North America. There are plenty of opportunities to get active and have fun regardless of what Mother Nature throws at us. We always plan for weather to be unpredictable - hot, cold, wet or dry and cooler in the evenings. We can't control the weather, but we can control how we dress. We will plan to be generally active outside for the majority of the weekend. Bring lots of comfy layers, as well as athletic, fast-drying, wicking clothing, along with rain gear just in case! This ain't no fashion show! Layers should include long underwear, warm mid-layers and waterproof outerwear. Wool, nylon, polyester and synthetic fleece are recommended as clothing materials because they provide insulation even when wet. In addition, they dry quickly.
